EDUCATION

2013 - 2021
ALAGU JOTHI ACADEMY,
- Secondary School

2021 - 2023
VELAMMAL BODHI CAMPUS
- High School

2023 - Present
SRI KRISHNA COLLEGE OF ENGINEERING AND TECHNOLOGY
- B.E. Computer Science and Engineering

SKILLS

- **Frontend Development:** HTML, CSS, JavaScript, React.js, Tailwind CSS, Figma
- **Backend Development:** Node.js, Express.js
- **Database Management:** MySQL, MongoDB
- **Programming Languages:** Strong in JavaScript, familiar with Python and Java
- **Version Control:** Git, GitHub
- **Graphic & UI/UX Design:** Adobe Photoshop, Figma, Illustrator
- **Additional Skills:** Video Editing, Photo Editing, Art & Design

LANGUAGES

- English – Fluent
- Tamil – Fluent

PROFILE SUMMARY

Passionate Web Developer & Full-Stack Developer with expertise in JavaScript, React.js, HTML, CSS, and Tailwind CSS for building modern, responsive, and interactive web applications. Experienced in backend development using Node.js and Express.js, along with database management in MongoDB and MySQL. Strong focus on frontend development, UI/UX design, and performance optimization. Familiar with Python and Java for problem-solving and backend logic. Adept at working on individual and collaborative projects, contributing to hackathons, technical events, and workshops. Continuously learning and exploring the latest web technologies to create scalable and high- performance applications.

PROJECTS

- Full-Stack E-Commerce Website (MERN Stack): Developed a dynamic online shopping platform with user authentication, cart functionality, and payment integration.
- Hospital Management System (React & Firebase): Designed and developed a responsive hospital management system with doctor-patient appointment booking and real-time notifications.
- Blood Donation Website (React & Vite): Created a platform for donors and recipients to connect, featuring animations and an intuitive UI.
- Hackathons & Workshops: Participated in multiple hackathons, technical workshops, and non-technical events to enhance problem-solving and team collaboration skills.
- Internship at DoersTech (May 1 – June 5): Worked with an advanced ML team on custom models and explored efficient integration methods for deploying those models in real-world applications.

COURSE

FROM SIMPLYLEARN:

- Introduction to Front-End Development
- Getting Started with ReactJS Components
- Full-Stack Development 101
- Advanced C++ Course

FROM LINKEDIN LEARNING:

- HTML Essential Training
- Node.js Essential Training
- React.js Essential Training
- Building Modern Projects with React
- Figma for UX Design
- Oracle Java Foundations
- MySQL Essential Training

HOBBIES & INTERESTS

- Graphic Design & UI/UX
- Video & Photo Editing
- Art & Digital Illustration
